Priya Sharma

Machine Learning Engineer
Pune, India | priya.sharma.sample@example.com

2.5 years of experience

Summary

Machine Learning Engineer focused on deep learning and computer vision, with production experience in PyTorch and Kubernetes-based deployment.

Experience

Machine Learning Engineer - VisionWorks AI - 2022-2024
Developed deep learning models with PyTorch and Keras for computer vision tasks. Containerized services using Docker and Kubernetes. Used Git for version control and Linux for deployment servers.

Software Engineer Intern - CodeForge Labs - 2021-2022
Built REST APIs using Django and Flask, and worked with PostgreSQL and MongoDB databases. Practiced Agile development.

Skills

Python, Deep Learning, Computer Vision, PyTorch, Keras, Docker, Kubernetes, Django, Flask, PostgreSQL, MongoDB, Git, Linux, Agile
